**AGENDA ITEM 3 – Approval of Minutes: Regular Meeting, April 28, 2016**

**Motion** made by Commissioner Kramer, seconded by Commissioner Martel, to approve the minutes of the April 28, 2016 meeting. In a voice vote, the motion passed unanimously (5-0).

---

**AGENDA ITEM 4 – Action Item**

- Resolution 2016-03: CRA Board By-Laws

**Motion** made by Commissioner Martel, seconded by Commissioner Kramer, to introduce the item for consideration.

Mr. Brett read the resolution into the record. “Resolution of the Chairman and Board Members of the North Miami Beach Community Redevelopment Agency approving amendments to the Agency’s By-Laws adopting the Miami-Dade County Conflict of Interest and Code of Ethics and Adopting the City of North Miami Beach Cost Recovery Procedures; and authorizing the Executive Director to implement the By-Laws.”

Mr. Brett explained the Resolution as an addition to the By-Laws Section 2.5, Code of Conduct, implemented by the Miami-Dade County Board of County Commissioners, and

is a requirement of all CRAs. Additionally, the CRA would like to include a Cost Recovery Procedure that mirrors the City's existing ordinance. The resolution would be an addition to the CRA procurement practice. Currently the CRA does not have any application fees and pays for all consultants directly out of the budget. This would allow the CRA to actually use its consultants with applicants before the application process, and that cost would be recovered through the applicant. Commissioner Smith wanted to confirm that this would be implemented immediately; Mr. Brett said it would.

**Motion** made by Commissioner Martel, seconded by Commissioner Kramer, to approve Resolution 2016-03. In a voice vote, the motion passed unanimously (5-0).

---

**AGENDA ITEM 5 – Action Item**

- Resolution 2016-04: Adopting the CRA FY2016-2017 Budget

Mr. Brett read the resolution into the record. "Resolution of the Chairman and Board Members of the North Miami Beach Community Redevelopment Agency approving the Fiscal Year 2016-2017 Budget; authorizing the CRA Executive Director to take all action necessary to complete the approval process for the Fiscal Year 2016-2017 Budget with the City of North Miami Beach and Miami-Dade County; authorizing appropriation of carry-forward revenues and interest from Fiscal Year 2015-16 Budget.

Mr. Brett reminded the Chair that there is a public hearing requirement for this item.

**Motion** made by Commissioner Martel, seconded by Commissioner Kramer, to approve Resolution 2016-04. Chair Vallejo opened the item for Public Hearing, seeing none, the Public Hearing portion was closed.

Mr. Brett gave a PowerPoint presentation.

- The CRA Budget has increased from approximately \$1.4 million to \$1.9 million for FY2016-17.
- There was a 46% increase in tax increment finance revenue.
- The presentation addressed the CRA's Proposed Grants and Capital Projects.
- The CRA would like to continue the funding for the West Dixie Highway Implementation Strategy and increase by \$25,000 to \$225,000 gross.
- The Wastewater Project on NE 20<sup>th</sup> Avenue is fully encumbered.

Commissioner Smith asked if the wastewater tie-in project was a matched grant. Mr. Brett said a percentage rebate for impact fees is being considered. Commissioner Smith wanted to make sure that all items to be voted on are acceptable to Dade County, so asked if it has been verified that the CRA can buy art for the Art in Public Places, as well as identify historic sites. Mr. Brett said all these projects and programs have already been empowered in the Redevelopment Plan as approved by Board of County Commissioners. The funding in the CRA budget is an appropriation of the approved projects and programs.

Commissioner Smith asked if the \$10,000 currently invested is losing almost 8% a year. Mr. Brett explained that is actually the return on the investment.

Chair Vallejo wanted to know the timeline on the sun-setting of the Façade project; Mr. Brett said that would be on September 30, 2016.

Chair Vallejo asked what is anticipated for this coming fiscal year regarding the West Dixie Highway. Mr. Brett explained that the project was being led by Miami-Dade County Roads, and the City is waiting on the County's consultant selection.

Mr. Brett had one addendum to the budget. There was a slight reduction in the proposed City *ad valorem*s affecting the CRA's revenue by \$362. Mr. Brett asked that the Board consider amending the travel expenditure with a reduction of \$362 to \$4384.

**Motion** made by Commissioner Martell, seconded by Commissioner Kramer, to approve the Budget for FY2016-2017 of the CRA, as amended by the travel line item of \$362 to a total of \$4384. In a voice vote, the motion passed unanimously (5-0).

**AGENDA ITEM 6 – Discussion Items:                      Executive Director's Report**

- CRA Fiscal Year 2015-2016 Budget

Ms. Garcia reported the Miami-Dade County Commissioners approved the CRA FY2015-2016 budget in May through County Resolution R-385-16.

- Continued CRA Website Improvements

The Staff is very excited about the website improvements. The website provides a single-stop location for an increasing number of informational items for the public, in particular the redevelopment projects. Also, CRA documents are continuously added to promote transparency and provide information.

- CRA Staff Involvement with Local Businesses
- CRA Business Attraction

Ms. Garcia added that the Executive Director and the entire City Team are canvassing opportunities throughout Miami-Dade County and Broward County, which has led to new businesses coming to North Miami Beach, such as Vicky Bakery and the possibility of a micro brewery. Ms. Garcia commended Mr. Brett for identifying the local brewery owners wishing to come back to North Miami Beach. Also, Mr. Brett attended the International Conference of Shopping Centers in Orlando, allowing additional contacts to be made for the CRA.

Chair Vallejo opened the floor for additional comments. Commissioner Smith asked if there are any projects on the table for the West Dixie Highway. Mr. Brett answered no; however Vicky Bakery has submitted for a commercial improvement application and that will be brought to the September meeting. Ms. Garcia added that Vicky Bakery is planning

a grand opening/ribbon cutting ceremony October 1<sup>st</sup> to piggyback with the 90<sup>th</sup> Anniversary celebration. Commissioner Smith said the CRA has \$5,000 for advertising, notifications, etc., and wondered if, when there is a new business, some of that money could be used to promote the business from the CRA's standpoint, perhaps put it on the website and put up a sign advertising what the CRA does.

Mr. Sosa-Cruz stated that part of expanding the CRA website is to include ribbon cuttings, grand openings, and renovations. The CRA partners with the Chamber of Commerce to make sure new businesses participate and join in. A new initiative has Mr. Brett working with the Code and Building Departments to identify businesses with new permits and post them on the website; he then visits the business owners to see if the CRA can help to support the business's expansions and improvements. Commissioner Smith suggested that for those who don't visit the website, perhaps "new businesses" can be featured in the newsletter. Ms. Garcia related how Vicky Bakery was persuaded to come to North Miami Beach, and agreed that the website, social media, and the newsletter should all be used to reach the entire community.

Chair Vallejo related a recent drive through Hallandale where he noticed signs advertising everything their CRA is doing. While that may not be appropriate everywhere, certainly the biggest projects could be featured. As an aside, Chair Vallejo asked if the hotel demolition is progressing. Mr. Brett said all the tenants have vacated the premises, so demolition permits are anticipated. Also a preconstruction meeting was held the previous week on the 350 units to be built behind the Post Office. A brief discussion followed regarding CRA signs and how to use them at different sites.

Mr. Brett informed the Board of a TIF application that has been received for the development on 164<sup>th</sup> Street across from the Library. This project will soon be brought forward. The development is mixed use, approximately 60 residential units with two retail units on the first floor.

Ms. Garcia alerted the Board to the release of the design of the way-finding signs, leading the public to the park, the library, and certain businesses.

---

**AGENDA ITEM 7 – Next CRA Board Meeting:** September 22, 2016, at 6:00 p.m.

---

**AGENDA ITEM 8 – Adjournment.** As there was no further business to come before the Commission at this time, the meeting was adjourned at 6:30 p.m.

To: North Miami Beach Community Redevelopment Agency (NMB CRA)  
 From: Kevin S. Crowder, CEcD, RMA Director of Economic Development  
 Subject: Tax Increment Recapture Incentive Application for 1640 NE 164<sup>th</sup> Street

RMA is pleased to provide this review of the Tax Increment Recapture Incentive Application provided by Seven Par 002, LLC, for redevelopment of the property located at 1640 NE 164<sup>th</sup> Street, North Miami Beach, Florida. The purpose of this report is to 1) ensure that the application is complete pursuant to the guidelines adopted by the CRA Board, and 2) to evaluate the merits of the request for the Bonus Tax Increment Recapture of 25%. The Applicant proposes to develop a 64,319 square foot, eight-story mixed-use development project on a 21,000 square foot (.45 acres) lot, including 52 residential units and 2,020 square feet of commercial space.

### Background

The North Miami Beach CRA Board of Commissioners has placed high priority on projects that include prioritized or targeted uses, which create jobs, which introduce stimulative activities into the CRA area, and/or which provide for other public benefits. This project meets several of the public policy goals identified by the CRA Board:

1. Job creation – construction of this project will result in the creation of a significant number of construction jobs; some permanent jobs will also be created by the occupants of the 2,020 square feet of retail space.
2. Stimulative activities – This project introduces new households into the western portion of the North Miami Beach Town Center. The infill nature of this project will contribute to increased pedestrian activity and commerce in the area targeted as North Miami Beach’s downtown.
3. Public Benefits – The project provides the installation of public art, and introduces infill development to the portion of the Town Center between NE 15<sup>th</sup> Avenue and NE 19<sup>th</sup> Avenue, the area that was expected to take longer to attract investment than the area east of NE 19<sup>th</sup> Avenue.

### Application Completeness

RMA has reviewed the application within the context of the Tax Increment Recapture Incentive guidelines which require that applicants provide the following items:

1. Proof of property or site control – PROVIDED.
2. A copy of the conceptual site plan – PROVIDED.
3. A description of the project, including use, square footage, and density – PROVIDED.
4. Names, qualifications of the principals and key representatives involved in the project – PROVIDED.

5. Evidence of the financial strength of the deal – According to the Applicant, potential lenders have conditioned financial support on the approval of a TIF agreement with the CRA since they view the CRA as an untested market and the projected rents are higher than current market conditions. The purpose of a TIF Increment Recapture is to address this specific scenario and make projects feasible for financing. RMA has reviewed the information provided by the Applicant and the proposed term sheet and we believe it is consistent with industry standards for an area with the NMB CRA’s market conditions.
6. A market study – Korik Realty provided a Comparative Market Analysis for the project which provides a basis for how the project fits into and competes within the residential marketplace. The market analysis identifies market rents in the range of \$1.45 to \$1.57 per square foot, and suggests that average market rent of \$1.46 per square foot can be targeted by this project; however, the Applicant is targeting rents that are higher than the current market. One of the goals of a CRA is to implement activities that will change a marketplace and provide for economic growth and increased investment, and the project’s targeted rents of close to \$2.00 per square foot will help drive that market change which will help stimulate additional investment and redevelopment.
7. Identification of any potential obstacles securing necessary approvals – No obstacles were identified by the Applicant.
8. A Tax Increment Value proforma – the Applicant has provided a proforma of Tax Increment for the period beginning in 2019 (following completion in 2018) through 2028 when the CRA is scheduled to sunset. RMA has reviewed the Applicant’s methodology and assumptions, and we believe that the project’s construction costs, rental rates, and taxable value estimates are well within market conditions and are consistent with our experience on other projects. It is important to note that the Applicant has provided TIF estimates based on growth rates of 1%, 3%, and 5%. The estimated taxable value of the project in the first tax year following receipt of a Certificate of Occupancy of \$10,000,000.

**Net Present Value of TIF Incentive 2019-2028**

	1%	3%	5%
Project Incentive	\$582,929	\$638,740	\$700,810
Net to CRA	\$155,447	\$170,330	\$186,883
Net to City	\$22,626	\$24,792	\$27,201
Net to County	\$16,236	\$17,790	\$19,519

9. Justification for the request of the additional 25% Bonus Increment Recapture – The guidelines identify six areas in which an applicant can establish eligibility – LEED certification, green roofs, public parking, infrastructure and streetscape improvements, public art, and public open space. The Applicant has identified the construction of infrastructure and streetscape improvements and public art installation, estimated to cost in excess of \$325,000, as justification for the Bonus Increment Recapture. This includes \$175,000 for FPL-related improvements and \$150,000 for public art.

Conclusion

RMA has reviewed the application and recommend support of the reservation of the Tax Increment Incentive request of the 50% base TIF incentive plus the 25% bonus TIF incentive.

Commercial Property Improvement Grant Application Checklist..... 9

**I. Purpose**

The purpose of the Commercial Property Improvement Grant Program (Program) is to assist property owners located in the Community Redevelopment Area to substantively enhance the visible appearance of their property. Many commercial properties were designed and built in styles that have become date. This has led to a situation in which some properties are not as attractive to potential tenants or shoppers. It is the goal of the North Miami Beach Community Redevelopment Agency (CRA) to assist property owners in returning properties to their fullest potential through cash grants to property owners. These grants will assist owners undertaking a **comprehensive and substantial exterior renovation**. This Program took effect October 1, 2015. Designated Priority Areas and additional benefits thereof shall be available until **September 30, 2016**, unless otherwise authorized or modified by the CRA Board.

## II. Eligibility Criteria

- a. Property must be located within the North Miami Beach Community Redevelopment Area. See Figure 1.
- b. Primary property use must be commercial or mixed use. Residential uses are ineligible.
- c. Exterior improvements must adhere to the City of North Miami Beach Building Code and Zoning Ordinances and all Federal, State, and Local Requirements.
- d. Improvements must support the objectives and goals of the CRA Redevelopment Plan.
- e. Properties "for sale" or listed on the MLS may not apply.
- f. Properties may not apply, if they have received the maximum funding amount within a 5 year period under this Program or any other grant program administered by the CRA.
- g. Must be a conforming use per the City of North Miami Beach Zoning Code.

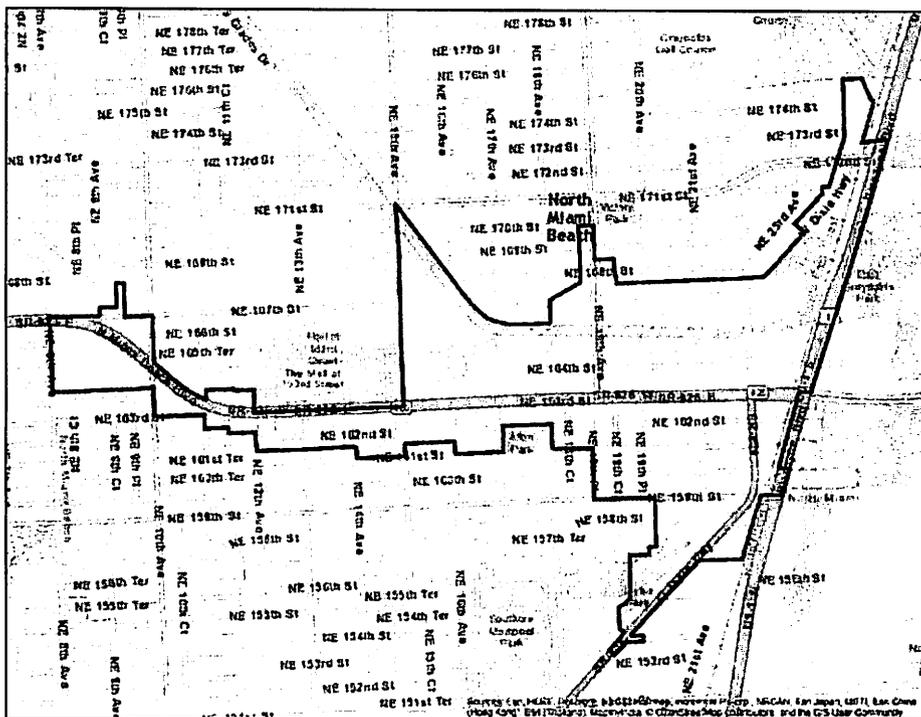

Figure 1 - Redevelopment Area

### III. Funding Guidelines

a. **Maximum Award Amount:** The CRA is making available to commercial and/or mixed use properties within the Community Redevelopment Area, matching grants up to a maximum grant award as follows:

- For properties with over 60 feet or more of frontage - **Up to \$25,000**
- For properties with up to 60 feet of frontage - **Up to \$12,500**

Properties applying for funding below the maximum award amount may reapply, but are only entitled to the total maximum amount within a 5 year period of initial approval. However, if a property has already received funding to the maximum amount, said property may not reapply for the Program or any other grant program administered by the CRA for a period of 5 years.

b. **Matching Funds:** In an effort to encourage concentrated redevelopment the CRA has created two funding tiers based on required matching dollar amounts. The intent is to encourage multiple property owners within a priority area to engage in property improvements simultaneously and in areas where public investment has or is planned to occur.

- Priority Tier 1 Property Area(s) – Located along West Dixie Highway from 163<sup>rd</sup> Street to 172<sup>nd</sup> Street and 163<sup>rd</sup> Street from NE 19<sup>th</sup> Avenue to NE 15<sup>th</sup> Avenue required matching funds = **30% of total eligible project costs.**
- Priority Tier 2 Property Area(s) - All other areas within the Community Redevelopment Area = **50% of total eligible project costs.**

	<u>Total Project Cost</u>	<u>Required Match</u>	<u>Total Grant Amount</u>
Tier 1	\$40,000.00	\$12,000.00 (30%)	\$25,000.00 (max.)
Tier 2	\$40,000.00	\$20,000.00 (50%)	\$20,000.00

*\*Example Calculation (based on a property with 75 feet of frontage – max. award \$25,000)*

### IV. Eligible Expenses

Eligible expenses are those reasonable costs associated with undertaking a substantial façade improvement and/or substantial site improvements that are visible from a major corridor or street. Eligible expenses include design, permitting, labor and materials related to construction or installation of eligible improvements. The following are eligible improvements to be funded under the Program (please note “stand alone” improvements

are those that may be funded independent of other eligible improvements those that are “not stand alone” may only be funded in conjunction with a “stand alone” improvement or more comprehensive project):

Eligible Improvements (stand-alone)

- ✓ Façade Improvements
- ✓ Outdoor/building lighting
- ✓ Permanent Landscaping (trees, shrubs and perennials)

Eligible Improvements (not stand-alone)

- ✓ Signage
- ✓ Awnings
- ✓ Impact resistant windows
- ✓ Parking lot improvements
- ✓ ADA compliant improvements
- ✓ Exterior Painting and repair

All work must be performed in a first class workmanlike manner in compliance with ordinances and regulations of the City of North Miami Beach, and must meet all building and other applicable codes.

## **V. Ineligible Expenses**

Ineligible expenses include general maintenance items, parking lot repairs (not related to a comprehensive improvement of the overall appearance of the property), interior repairs or renovations, or correction of code violations and ADA compliance except in limited instances where these expenses are mandated as part of eligible improvements by the City of North Miami Beach Building Department.

It is anticipated that applications will be presented to the CRA Board for approval within 45 days of receipt.

## **VII. Reimbursement Procedure**

The property owner must undertake all the work agreed to in the Grant Agreement within one hundred eighty (180) days of full execution of the Grant Agreement by the CRA and the applicant. ## **VIII. General Provisions**

It is the intent of the CRA to fund applicants on a first-come, first-serve basis however; the Program is also created as an "incentive" to property owners to put forth projects that will have a significant visual impact on the property. The CRA reserves the right, to review all applications and recommend additional improvements, include conditions to funding, approve all plans including design and materials and at its sole discretion, make any final determinations as to how this program will be offered and implemented under unique circumstances and approved by the CRA Board.

Applicants, even those that meet the eligibility requirements, are not entitled to approval if a project conflicts with the goals and objectives of the CRA Redevelopment Plan.

As condition to the award of the grant, applicants will be required to enter into a Grant Agreement on terms and conditions as set forth by the CRA. A Memorandum of Grant Agreement shall be recorded in the Public Records and shall be effective on the property for the stated period of 5 years upon approval of the application and will have 180 days to complete all improvements. Should an applicant need an extension to complete improvements beyond 180 days, a written request shall be submitted in writing 30 days prior to the expiration of the Agreement (a one-time extension may be granted of not more than 90 days, administratively and at the discretion of CRA staff.

Applicants agree to continue ownership of the property and maintenance of the grant improvements for a period of 5 years subsequent to completion of grant improvements. Should the property be sold within 5 years, applicant agrees to repay a prorated share of the grant amount, which agreement shall be set forth in the Memorandum of Grant Agreement recorded in the Public Records.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.*

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
