To All Citizens Appearing Under Public Comment:

The Public Utilities Commission has a rule which does not allow discussion on any matter which is brought up under Public Comment. We are, however, very happy to listen to you. The reason for this is that the Commission must have staff input and prior knowledge as to the facts and figures, so that they can intelligently discuss a matter. The Commission may wish to ask question regarding this matter, but will not be required to do so. At the next or subsequent Public Utilities Commission meeting you may have one of the commissioners introduce your matter as his or her recommendation. We wish to thank you for taking the time to bring this matter to our attention. Under no circumstances will personal attacks, either from the public or from the dais be tolerated.

Speaker/Citizen participants are asked to stand, give their name and address and speak only to the Commission on the subject presently being discussed. **There will be a three (3) minute time limit.** The time limit starts when the speaker begins speaking. There will be no rebuttal or further discussion on a subject once the Commission responds.
