

DROPS OF KNOWLEDGE

NMB WATER NEWSLETTER - JUNE 2023

**2022
WATER QUALITY REPORTS
ARE NOW AVAILABLE**

NMB Water is pleased to announce that our 2022 Annual Water Quality Report has been recently published in 3 languages (English, Spanish and Creole). They are available to view on our web site (NMBWATER.com) or you can request a copy from our Customer Service Department (305-948-2960).

The report includes detailed information on the quality of water delivered to our customers between January 1, 2022 and December 31, 2022. NMB Water routinely monitors for contaminants in your drinking water according to Federal and State laws, rules and regulations.

The information shared in the report was prepared in accordance with the U.S. Environmental Protection Agency's regulations and the Safe Drinking Water Act. Reviewing this report will provide you with a better understanding of how our utility professionals continually improve the water treatment process and protect our water sources.

JESUS MENDOZA

Customer Service Field Lead
NMB Water Customer Service

We would like to highlight a rising star who has been a highly productive member of our Customer Service team for the last two years.

When Jesus is not shining bright for NMB Water, he has a genuine passion for competitive activities with his friends such as paintball and bowling. He also likes weekend trips to beach and working out at the gym.

Since he was young, Jesus has looked up to Dwayne "The Rock" Johnson. Growing up watching him rise from a wrestling career to being the biggest action hero in the movies full of success, notoriety, and professional accolades is very inspiring.

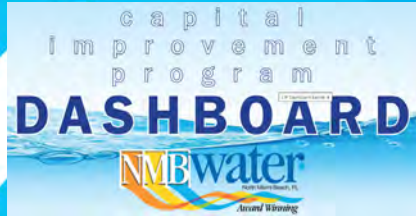

It's also interesting to note that his favorite television show is "The Boondocks", he's a big-time Miami Heat fan (not just this season), loves trying new food, and is fascinated with French Bulldogs.

THANK YOU
JESUS
FOR EVERYTHING
YOU DO!

KAPOW VISITS NMB WATER

On May 30th, NMB Water and the City of North Miami Beach hosted 4 classes of students as part of the "Kids and the Power of Work" educational program. KAPOW for short, encourages participating schools to partner with municipalities and corporations giving children an insight to future careers, including the NMB Water Engineering Department.

HAPPY INDEPENDENCE DAY AMERICA

247 YEARS & COUNTING

Did you know?

1. The proper way to fold an American flag is in the shape of a triangle.
2. Patrick Henry said, "Give me liberty, or give me death."
3. Three U.S. presidents have died on July 4th.
4. The 50th star was added to the flag on July 4th, 1960.
5. About 150 million hot dogs are eaten on this day.
6. Our national anthem wasn't "The Star-Spangled Banner" until 1931.
7. Over \$1 billion is spent on fireworks in America on the 4th.
8. July 4th was not an official holiday until almost 100 years after the Declaration.
9. There were only about 2.5 million people living in the United States in 1776.
10. One World Trade Center in New York was designed to be 1,776 feet tall.
