## **City of North Miami Beach Launches New Website**

North Miami Beach, FL – The City of North Miami Beach is proud to announce the launch of its newly redesigned government website [www.citynmb.com](http://www.citynmb.com). This new site was specifically designed to provide citizens and visitors with access to North Miami Beach information and services 24 hours a day, seven days a week.

The City of North Miami Beach worked with all departments and government website specialists CivicPlus to create the new site which is accessible and responsive on a desktop, laptop, tablet or mobile device. The new website is designed to be user-friendly, as it features top and left-hand menu items that provide intuitive navigation, quickly directing users to the information they need the most.

“The City's new website is another example of the North Miami Beach moving forward - providing easier and better access to our residents, our businesses and others with news and updates about City services, City activities, programs and events, City opportunities and development and City government,” said Mayor Beth E. Spiegel.

The new site provides a blend of functionality, ease of use, and heightened citizen engagement, and a level of interaction never experienced before. We focused on integrating our new website features with our social media presence in an effort to engage a greater audience.

The new website features photos and colors that are indicative of North Miami Beach including history, architecture and beauty.

Overall, we are proud the new site features the following:

- Clean, new mobile responsive design for all devices
- Updated home page with easy access to popular content at your fingertips
- A robust search function with improved results
- Enhanced social media feeds and directory
- City calendars featuring meetings and events
- Online bill pay and job applications
- Easy online sign-ups for newsletters, notifications, and alerts
