

North Miami Beach, Florida Public Notice

The City of North Miami Beach is applying to the Florida Department of Economic Opportunity's General Infrastructure Program for an estimated \$6 million grant to fund the NORTH MIAMI BEACH SEWER COLLECTION SYSTEM IMPROVEMENTS AND RESILIENCY PROJECT.

<u>Activity Name</u>	<u>CDBG Funding</u>	<u>Local Match</u>
Design	\$350,500	\$350,500
Permitting	\$145,335	\$145,335
Construction	\$4,699,165	\$4,699,165
Grant Administration	\$25,000	\$25,000
Inspections (Management)	\$780,000	\$780,000

The purpose of the Project is to improve North Miami Beach's sewer collection system. The goal of this project is to protect public health by reducing or eliminating force main breaks, septic tanks, and service disruption. The new system improves the quality of drinking water and public waterways. This is a city-wide project that has multi-jurisdictional impact to the City of North Miami Beach, Miami Gardens, and unincorporated area of Miami-Dade County.

The City is soliciting public comment on the project. Persons wanting to submit written comments on the application should send them to Samuel Zamacona, Deputy Director at Samuel.Zamacona@citynmb.com, or by mail to 17050 NE 19th Avenue | North Miami Beach, FL 33162 no later than September 11, 2020.

A copy of the final application is available upon request after September 14, 2020, by contacting Samuel Zamacona, Deputy Director. The application will be submitted to DEO on or before September 14, 2020.

About the Rebuild Florida General Infrastructure Program (GIP): The GIP program is designed to provide funding to units of general local government (UGLG) such as municipalities and counties, state agencies, non-profits, and non-governmental organizations to implement innovative, collaborative, multi-jurisdictional or large-scale mitigation activities that reduce previously-identified hazard risks for local communities to withstand emergency-related challenges better. These regional investments include, but are not limited to, upgrading of water, sewer, solid waste, communications, energy, transportation, health, and medical and other public infrastructure projects. DEO has allocated \$475,000,000 in CDBG-MIT funding for the GIP program.
