

# State Road (SR) 915/NE 6 Avenue at NE 159 Street Intersection Improvement

FIN # 425081-1-52-01

Begins: June 2011

fact sheet

## Project Overview:

On Monday, June 13 the Florida Department of Transportation (FDOT) is scheduled to begin an intersection improvement project at State Road (SR) 915/NE 6 Avenue at NE 159 Street. This project will last about six months and cost an estimated \$479,734.

## This Project Includes:

- Installing new drainage structures along NE 159 Street from east of NE 4 Avenue to NE 6 Avenue
- Constructing sidewalk and curb and gutter along NE 159 Street from east of NE 4 Avenue to NE 6 Avenue
- Updating pedestrian ramps at the intersection of NE 159 Street and NE 6 Avenue
- Replacing the traffic signals at the intersection of NE 159 Street and NE 6 Avenue
- Repaving and restriping the roadway along NE 159 Street from east of NE 4 Avenue to just east of NE 6 Avenue
- Updating the signage and pavement markings

## Traffic Flow:

To complete this work safely, it will be necessary to close traffic lanes and establish detours at times along NE 159 Street between NE 4 Avenue and NE 6 Avenue. Tasks will be done in stages, and lane closures will be scheduled to avoid special community events. At least one lane will be open to local traffic most of the time.

*Please note that this schedule could change due to bad weather or other unexpected conditions.*

For more information, please contact Project Administrator Felipe Gonzalez, E.I. at 305-401-1438, or Public Information Specialist Heather Leslie at 305-640-7462 or [Heather.Leslie@dot.state.fl.us](mailto:Heather.Leslie@dot.state.fl.us).

## Always Put Safety First:

For your safety and the safety of others, please use caution when driving, walking or biking around any construction zone.

Wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The department takes steps to reduce construction effects, but you might experience the following around the work site:

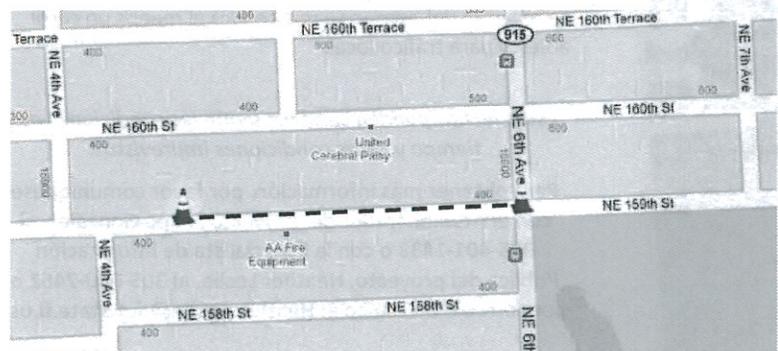

- A detour will be established along NE 159 Street during parts of the project while work is being performed on the roadway. Signs will be posted on the roadway to direct drivers around the construction and all detour information will be online.
- Lane and sidewalk closures
- Increased dust and noise
- Workers and equipment moving around the area

## Helpful Tips:

- Allow extra time to reach your destination
- Obey all posted signs and speed limits
- Watch for signs with information about upcoming work and traffic conditions
