

# I-Care Water Donation Program

The City of North Miami Beach is aware that some customers may be experiencing financial hardships. Fortunately, by donating to the City of North Miami Beach **I-Care Water Donation Program**, you can help those in need.

This program is designed to provide emergency assistance funds to NMB utility customers in a crisis situation, who are unable to pay their utility bill. It's funded by customer and corporate donations, non-profit agency and NMB employee donations, and is administered by the City in partnership with Miami-Dade County's Community Action Agency.

## Why donate?

Could you live without water? Of course not. But for people on limited incomes, this is a real possibility. When you donate to City of North Miami Beach's I-Care Water Donation program, you make a difference – helping customers who are in crisis and unable to pay their utility bill.

## Ways to donate

- **Donate while paying your NMB utility bill:**
  - When you mail your check
  - At city hall cashier's office (all payment forms accepted)
- **Make a donation now or at another convenient time:**
  - By printing and sending mail-in form and check

## Funds and contributions

Money donated to the City of North Miami Beach I-Care Water Donation program stays in the community. All contributions are collected by City of North Miami Beach. There are no administrative fees, so all contributions go directly to the needy for utility assistance.

## How to apply for assistance?

Customers seeking assistance may contact Miami-Dade County's Community Action Agency (CAA) to pre-qualify for funding assistance at 305-756-2830 or 305-623-6500.

The CAA has its own eligibility guidelines, but may add additional criteria, based on availability of funding, volume of applicants and other considerations. They may be able to provide an initial one-time annual assistance amount. **The City plays no role in determining household eligibility or the amount of assistance that the CAA may provide.** Such decisions are made solely by the administering agencies and their caseworkers/employees.

However, upon pre-qualifying through CAA, the City may provide assistance from its I-CARE Water Donation Program based on availability of funding received from contributions. Please be aware that the need for assistance far exceeds the funding available, so many households may not receive assistance.
